

MARYLAND  
BEEF CATTLE IMPROVEMENT ASSN.

ANNUAL

TESTED BULL SALE

1 PM SATURDAY, MARCH 11, 1961

FAIRGROUNDS, FREDERICK, MD.

## PREFACE

36 of the bulls in this Sale completed a 140-day feeding test (October 15 to March 4) at the Maryland Bull Testing Station at the George Price Farm, Phoenix, Md. The other bulls in this Sale were accepted because they exceeded the minimum requirements of grading Choice (A-) or better and had a weight per day of age in excess of two pounds.

The ration fed at the Testing Station consisted of:

1200 lbs. ear corn )Ground & mixed at the farm by  
500 lbs. timothy hay )a portable grinder mixer (Mod-  
(cut in bloom stage) )ern Milling Service, Kings-  
200 lbs. soybean oil meal)ville, Md.). Corn & hay were  
100 lbs. molasses )grown on Price's farm.

Chemical analysis of feed: protein 11.8, fat 2.8, fiber 9.4. Full fed - average consumption was 24 lbs. per day.

36 bulls after 132 days on test averaged 14 months of age with an avg. gain of 277 lb. ea. (Daily gain: high 2.77, avg. 2.10, low 1.63) Type score: high 16, avg. 12.3, low 9.

The odds are in favor of the breeder who gets to market first with the most - a combination of weight and quality. You will find a bull in this sale that will complement your cow herd and improve your calves.

Bulls were graded by the Sale Committee:

Leland Clark, Spring Valley Hereford Farms, Poolesville  
Elmer Hodges, El-Kay Farm, Frederick  
John Hudson, Holly Hill Farm, Ijamsville  
Jim Ferguson, Beef Cattle Specialist, U. of Md., Coll. Pk.

Sale order will be determined by Virginia Index System which gives the bulls a numerical index combining weight and quality. High index bulls will sell first, except all bulls that were fed at the Bull Testing Station and graded Choice (A-) and had a weight per day of age of 2.0 lbs. will sell first.

## GRADING GUIDE

Grade Designation	Symbol Designation	Numerical Value
High Fancy	AA +	17
Fancy	* AA	16
Low Fancy	AA -	15
High Choice	A +	14
Choice	* A	13
Low Choice	A -	12
High Good	G +	11
Good	* G	10
Low Good	G -	9
* Correspond with official feeder cattle grades.		

PRI - Performance Registry International - Symbols:

W - Bull qualified on weaning weight. Minimum 475 lbs. non-creep fed, 500 lbs. for creep fed; i.e., W5 means bull exceeded minimum by 50 lbs., W8 - by 80 lbs, etc.

G - Bull qualified on gain in feed-lot test. Minimum 2.6 per day.

Y - Bull qualified on yearling weight per day of age, minimum 2.4 lbs.

Stars - Sires and dams are awarded stars when they qualify for Performance Registry.

## TERMS AND CONDITIONS

PAYMENTS: Terms of the sale are cash.

DISPUTED BIDS: The Auctioneer will settle any disputes as to bids.

OWNERSHIP: Each bull becomes the property of the purchaser as soon as sold, but will not be released until settled for. It is requested that bulls are removed from the Fair Grounds as soon as convenient. If bulls are to remain over night or longer arrangements should be made with the consignor.

PAPERS: Certificates of Registry will be transferred to the buyer. Give correct name and address to the clerk so that certificates may be mailed after transfer of ownership is recorded.

HEALTH: All bulls originated in an Accredited Tuberculosis-Free herd or a clean herd in a Modified Accredited Area tested within one (1) year prior to March 11, 1961.

All bulls originated in a Certified Brucellosis-Free herd or in a clean herd in a Modified Certified Brucellosis-Free Area, tested within one (1) year prior to March 11, 1961.

All bulls passed clean Brucellosis & TB tests within 30 days prior to March 11, 1961.

All bulls are vaccinated for blackleg and leptospirosis.

HEALTH CERTIFICATES: Upon request of the buyer, Certificates will be furnished by a representative of the Maryland Live Stock Sanitary Service. Certificate can be issued immediately after each bull is sold.

BREEDING GUARANTEE: Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd if the bull is under 18 months of age. Any bull that settles at least one-third of the healthy cows he breeds will be considered a breeder. Any animal not complying with any of these breeding guarantees may be returned to the farm of the seller at the buyer's expense, and if in good condition and complying with the health requirements of the seller's state, shall entitle the buyer to a satisfactory adjustment. In the case of an animal claimed to be a non-breeder, the seller shall be entitled to six months following the return of the animal in which to demonstrate that the animal is a breeder.

CONTRACTS: The above Terms and Conditions shall constitute a contract between the seller and buyer of each lot, and shall be equally binding upon both. The Maryland Beef Cattle Improvement Association or any other person connected with the Sale assume no liability, legal or otherwise.

MAIL BIDS: Those unable to attend the Sale may send buying orders to A. Leland Clark, Chairman, Sale Committee, Poolesville, Md.; Edward E. Stafford, President, Maryland Beef Cattle Improvement Association, Box 5336, Baltimore 9, Md.; Amos R. Meyer, 247 Symons Hall, University of Maryland, College Park, Md.; or Jim Ferguson, 230 Symons Hall, University of Maryland, College Park, Md.

TRUCKS: The management will assist buyers to obtain trucks to haul the bulls home.
